

# CUDDLY COWS

## Contents

- 5 Cuddly Cows character boards
- 25 Fur tokens
- 1 Joker token
- 1 Cuddly Cows dice

## The purpose of the game

Be the first to collect the fur that fell off your Cuddly Cow.

## Preparations

- Each player chooses a Cuddly Cow.
- Collect the fur tokens of the Cuddly Cows that are playing.
- Also collect the joker token. Leave the remaining tokens in the box.
- Place all collected tokens on the table, fur side down, so you can no longer see which piece of fur belongs to which Cuddly Cow.
- Mix the tokens together. Now you have one big ball of fur!

## Playing the game

Play the game turn by turn. The player who last saw a real cow starts.

On your turn, roll the dice to see what to do.

### The joker

Did you get the joker? Lucky you! The joker can take the place of all colours of fur. But be careful! Others will also like to have this jolly cow!

## The winner

Be the first to restore the fur on your Cuddly Cow's belly, then you are the winner!

## The Cuddly Cows dice

---

**Pick a fur token from the ball of fur** and place it on your Cuddly Cow's belly. Even if the fur does not match your Cuddly Cow, you still place it.

**If your Cuddly Cow character board is full** but not all the fur is of the right colour, keep playing! Now when you pull a piece of fur out of the ball, you are allowed to swap it with one already on your board.

---

You **can swap one piece of fur** with another player! If you wish, simply choose a fur token from your own Cuddly Cow and swap it with a fur token on another player's character board. The player whose turn it is determines which tokens are swapped.

---

Time for a haircut! You **need to cut off a piece of fur** from your Cuddly Cow.

Therefore, pull a fur token from your Cuddly Cow and place it back into the ball of fur on the table.

---

You cuddled too much and fell asleep during your turn... Therefore **skip this turn**. You can rejoin the game in the next round. By then you'll be fully rested!

**Friendly alternative:** Pick one fur token from the ball of fur, take a peek at the token and place it back into the ball of fur.

---

### Are you ready for an extra challenge?

#### With 2 or 3 players: Extra stuffing

- At the start of the game, add the fur tokens of one extra Cuddly Cow to the ball of fur on the table.
- When you roll the **swap icon**, you **must swap** one fur token instead of having the choice of whether to swap or not.

**With 4 or 5 players: The most Colourful Cuddly Cow** You can now also win by collecting **5 different fur tokens**. For example 4 different colours of fur and the joker token.

*This can also be done with 2 or 3 players if you put the fur tokens from at least 4 Cuddly Cows in the ball of fur.*
